Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Special Camps for Special Kids dba: Camp John Marc and Camp John Marc Foundation, Inc. (both nonprofit organizations), which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Special Camps for Special Kids dba: Camp John Marc and Camp John Marc Foundation, Inc. as of December 31, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the December 31, 2019 and 2018 consolidated financial statements as a whole. The December 31, 2019 and 2018 accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019 AND 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of Special Camps for Special Kids dba: Camp John Marc (Special Camps) and Camp John Marc Foundation, Inc. (Foundation) (collectively, the Organization) is presented to assist in understanding the consolidated financial statements. The consolidated financial statements and notes are representations of the Organization's management, who is responsible for the fairness and objectivity embodied in the consolidated financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the consolidated financial statements.

Organization

Special Camps is a nonprofit organization qualified under Section 501(c)(3) of the Internal Revenue Code (IRC). In 1987, Special Camps was established to provide and operate camp facilities and improve the quality of life of Texas area children with chronic illnesses or major physical challenges, while providing necessary daily medical treatment. Construction of the original camping facilities was substantially complete in May 1991. The first camping season began in June 1991.

Each year Special Camps benefits over 2,000 kids ages 6 to 16 from all over the state of Texas with conditions such as spina bifida, muscular dystrophy, sickle cell disease, hemophilia, childhood cancer, juvenile arthritis, kidney disease, and asthma. Individual camps are illness-specific, introducing children to others dealing with the same debilitating disease as their own. Special Camps serves as a model for the national and international therapeutic camping community.

The Foundation is a nonprofit organization qualified under Section 501(c)(3) of the IRC, and was created on January 28, 2004 to operate as a supporting organization (509(a)(2)) for Special Camps. The purpose of the Foundation is to hold, manage, and invest endowment funds of Special Camps, solicit contributions for Special Camps, and distribute funds and assets for the benefit of Special Camps.

Principles of Consolidation

Under the consolidation requirement per FASB Accounting Standards Codification (ASC) 810-10, *Consolidation*, a nonprofit organization must consolidate another nonprofit organization in which it has a controlling financial interest. For this reason, Special Camps' and Foundation's statements of financial position as of December 31, 2019 and 2018, and statements of activities, functional expenses, and cash flows for the years ended December 31, 2019 and 2018 have been consolidated. All transactions between the two entities were eliminated upon consolidation.

Cash Equivalents

The Organization considers all short-term investments with an original maturity of 90 days or less to be cash equivalents. The Organization places cash, which, at times, may exceed federally insured limits. The Organization has not experienced any losses on such amounts.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments, consisting of equity securities and mutual funds, are stated at their current market values. Equity securities are comprised of individual equity shares of publicly traded companies. Mutual funds consist of domestic government and corporate bonds, foreign bonds, domestic value and growth stocks, and foreign stocks. Investment return consists of interest and dividend income, realized gains or losses, and unrealized gains or losses. Investment income is included in unrestricted income from operations, unless restricted by the donor.

The Organization records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the consolidated statements of financial position. Net investment return/(loss) is reported in the consolidated statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Promises to Give

The Organization records unconditional promises to give that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the consolidated statements of activities. The Organization uses the allowance method to determine uncollectible promises to give. The allowance is based on prior years' experience and management's analysis of specific promises made. There was no allowance for uncollectible promises to give at December 31, 2019 and 2018.

Property and Equipment

Property and equipment are stated at cost, when purchased, or at fair value as of the date of the gift, when donated. Items with a cost or fair value exceeding \$2,500 and a useful life of greater than one year are capitalized. Major expenditures and expenditures which substantially increase useful lives are capitalized. Maintenance, repairs, and replacements, which do not improve or extend the lives of the respective assets, are charged to operations when incurred. When property and equipment is sold or otherwise disposed of, the asset and related accumulated depreciation and amortization are removed, and any gain or loss is included in operations.

Depreciation and amortization are calculated using the straight-line method at rates sufficient to amortize the related costs over the estimated useful lives of the respective assets. Estimated useful lives are as follows:

Buildings and Improvements	30 Years
Furniture and Fixtures	7 Years
Computer and Office Equipment	5 to 7 Years
Camp Facilities	5 to 30 Years
Horses and Tack	5 Years
Vehicles	5 Years

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service.

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as Net Assets Released from Restrictions.

Program Service Fees

Program Service Fees are reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing services to their program participants. These amounts are due from hospitals and includes variable consideration for retrospective revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Organization bills the hospitals several days after the camps are held based on attendance rosters. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the camps taking place. There are no performance obligations outside of the attendance of the camp and the campers do not receive benefits of any type outside of camp attendance. The Organization believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

The Organization measures the performance obligation from the start of the camp to the end of the camp.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019 AND 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Revenue is recognized when earned. The Organization recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met.

Donated Assets and Services

Donated assets are reported as support without donor restrictions unless the donor has restricted the asset for a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as support with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor.

The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. Management recognizes contributions of services if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been presented on a functional basis in the consolidated statement of functional expenses. Accordingly, certain costs have been allocated among camp operations, management and general, and fund raising.

Compensated Absences

Compensated absences for personal time have not been accrued since they cannot be reasonably estimated. The Organization's policy is to recognize these costs when actually paid.

Income Taxes

Special Camps is exempt from federal income taxes under Section 501(a) of the IRC of 1986, as amended, as an organization described in Section 501(c)(3) of the IRC. Special Camps has been classified as an organization that is not a private foundation under IRC Section 509(a)(2), and as such, contributions to Special Camps qualify for deductions as charitable contributions. However, income generated from activities unrelated to Special Camp's exempt purpose is subject to tax under IRC Section 511. There was no net income from unrelated business for the years ended December 31, 2019 and 2018.

Income Taxes (Continued)

The Foundation is exempt from federal income taxes under Section 501(a) of the IRC of 1986, as amended, as an organization described in Section 501(c)(3) of the IRC. The Foundation has been classified as an organization that is not a private foundation under IRC Section 509(a)(2), and as such, contributions to the Foundation qualify for deductions as charitable contributions. However, income generated from activities unrelated to the Foundation's exempt purpose is subject to tax under IRC Section 511. There was no net income from unrelated business for the years ended December 31, 2019 and 2018.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses in accordance with U.S. GAAP. Significant estimates used in preparing these financial statements include those assumed in recording depreciation and amortization, allocation of functional expenses and realizable value of unconditional promises to give. It is at least reasonably possible that the significant estimates used will change within the next year. Actual results could vary from estimates.

Change in Accounting Principle

In May 2014, FASB issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606). Subsequent to May 2014, the FASB has issued six ASUs to clarify certain matters related to Topic 606. Topic 606 supersedes the revenue recognition requirements in FASB ASC 605, Revenue Recognition, and requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The updates address the complexity and understandability of revenue recognition and provide sufficient information to enable financial statements users to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers.

Our consolidated financial statements reflect the application of ASC 606 guidance beginning in 2018. No cumulative-effect adjustment in net assets was recorded as the adoption of ASU 2014-09 did not significantly impact the Organization's reported historical revenue.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle (Continued)

Additionally in June 2018, FASB issued Accounting Standards (ASU) 2018-08, *Accounting Guidance for Contributions Received and Made*. This ASU was issued to clarify accounting guidance for contributions received and contributions made. The amendments to this ASU assists entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, Not-for-Profit Entities, or as an exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. Our consolidated financial statements reflect the application of ASU 2018-08 beginning January 1, 2018. The new guidance does not require prior period results to be restated. The implementation of this standard did not result in any changes to the opening balances of the consolidated financial statements.

Subsequent Events

In January 2020, the Organization entered into a new lease agreement for the period of April 1, 2020 to July 30, 2027 with escalating rent payments from \$3,532 to \$4,245. See NOTE 5 for future minimum lease payments.

In March 2020, the Organization cancelled all weekend camps from mid-March to the end of April with a review to determine if there will be summer camps.

During the period from January 1, 2020, through March 10, 2020, both domestic and international equity markets have experienced large declines. These losses are not included in the financial statements as of and for the year ended December 31, 2019.

We have evaluated subsequent events through March 10, 2020, the date the consolidated financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	<u>2019</u>	<u>2018</u>
Cash and Cash Equivalents Without Donor Restrictions	\$ 1,362,345	\$ 1,037,739
Estimated Distributions from Endowment	200,000	400,000
Accounts Receivable Included in Prepaid Expenses and Other Assets	-	80,069
Less: Net Assets Subject to Expenditure for Specified Purpose (see Note 7)	<u>(160,687)</u>	<u>(190,746)</u>
Total Assets Available for General Expenditures in the Next 12 Months	<u>\$ 1,401,658</u>	<u>\$ 1,327,062</u>

The Organization's endowment funds consist of a donor-restricted endowment and funds designated by the board as endowments. Income from the donor-restricted endowment is available for operations.

NOTE 2 LIQUIDITY AND AVAILABILITY (CONTINUED)

The board-designated endowment of \$12,697,042 is subject to distribution at the discretion of the board, as described in Note 6. Although the Organization does not intend to spend from this board-designated endowment (other than amounts appropriated for general expenditure as part of the board's annual budget approval and appropriation, as estimated above), these amounts could be made available if necessary.

Additionally, the Organization purchases insurance with sufficient coverage to sustain operations for 12 months in the event of a catastrophic event.

NOTE 3 FAIR VALUE MEASUREMENTS

The Organization reports certain assets at fair value in the consolidated financial statements. Fair value is the price that would be received to sell an asset in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets that we can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. These include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, inputs other than quoted prices that are observable for the asset, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset. In these situations, we develop inputs using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to our assessment of the quality, risk, or liquidity profile of the asset or liability.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The Organization classifies equity mutual funds and fixed income mutual funds within Level 1 because they comprise open-end mutual funds with readily determinable fair values based on daily redemption values. The U.S. Treasuries are classified as level 2.

The Organization's fair value and cost was as follows at years ended December 31:

	2019		
	Cost	Fair Value	Unrealized Appreciation
Professional Managed Funds:			
Equity Mutual Funds	\$ 4,227,777	\$ 7,632,361	\$ 3,404,584

NOTE 6 ENDOWMENTS

The Organization's endowments were established to support Special Camps and may include both donor-restricted endowment funds and funds designated by the board to function as endowments. Net assets associated with the endowment funds, including funds designated by the board, are classified and reported based on the existence or absence of donor-imposed restrictions

Interpretation of Relevant Law

Effective January 1, 2008, the Organization adopted the provisions of FASB guidance related to endowments for nonprofit organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds. This position provides guidance on the net asset classification of donor restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and also required disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

The board of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act of 2007 (the Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as restricted net assets in perpetuity (a) the original value of gifts donated to the restricted endowment, (b) the original value of subsequent gifts to the restricted endowment, and (c) accumulations to the restricted endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as restricted net assets in perpetuity is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by the Act. In accordance with the Act, the Organization considers the following factors in making a determination to appropriate or accumulate donor- restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Organization
7. The investment policies of the Organization

NOTE 6 ENDOWMENTS (CONTINUED)

As of December 31, we had the following endowment net asset composition by type of fund:

December 31, 2019	Without Donor Restriction	With Donor Restrictions	Total
Board-Designated Endowment Funds	\$ 12,697,042	\$ -	\$ 12,697,042
Donor-Restricted Endowment Funds:

Total	<u>\$ 12,697,042</u>	<u>\$ 198,000</u>	<u>\$ 12,895,042</u>
<hr style="border-top: 1px solid black;"/>			
December 31, 2018			
Board-Designated Endowment Funds	\$ 10,584,037	\$ -	\$ 10,584,037
Donor-Restricted Endowment Funds:			
Original Donor-Restricted Gift Amount and Amounts Required to be Maintained in Perpetuity by Donor	-	198,000	198,000
Total	<u>\$ 10,584,037</u>	<u>\$ 198,000</u>	<u>\$ 10,782,037</u>

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). We have interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. At December 31, 2019 and 2018, there were no underwater endowments.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supplied by its endowment while seeking to maintain the principal of the endowment assets. Endowment assets include those assets of donor-restricted funds as well as board designated funds. Under this policy, as approved by the board, the endowment assets are invested in a manner in diverse investments without a target return other than earning the highest rate of return without undue risk.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, the Organization invests only in publicly traded mutual funds of a diversified mix, with 40% in fixed income and 60% in equity investments.

NOTE 8 FUNCTIONALIZED EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The categorization is done by the use of class: Capital Maintenance Expenses, Camp Operations, Management, and Nonoperating Expenses. The nonoperating expenses may be from restricted funds that relate to Operations or Capital Maintenance which were part of the prior year revenues. Management expenses are allocated based on management's best estimate of the space and time used and is applied on a consistent basis from year to year. Fundraising expenses are considered part of the operations of the Camp, but maintained in separate accounts for segregation in the functional expenses worksheet.

NOTE 9 RETIREMENT PLANS

In 2003, Special Camps established a 403(b)(7) defined contribution plan (Plan). The Plan covers all eligible employees, as defined. Under the Plan, employees can contribute a portion of their pre-tax compensation. Employer contributions are discretionary. During the years ended December 31, 2019 and 2018, the Organization contributed up to 10% of an employee's base salary to the Plan, resulting in contributions to the Plan of \$43,322 and \$41,380, respectively.

NOTE 10 CONCENTRATIONS

One major donor contributed 17% and 21% of the Organization's total revenue, respectively, for the years ended December 31, 2019 and 2018.

NOTE 11 RELATED PARTY TRANSACTIONS

The Organization purchased insurance from an entity managed by a board member. Total amounts paid to the entity were approximately \$101,114 and \$101,289 during the years ending in December 31, 2019 and 2018, respectively. Total amounts due to the entity were \$30,689 and \$-0- at December 31, 2019 and 2018, respectively.

Special Camps utilized interior design services from an entity owned by a board member for the completion of certain camp facilities. Total amounts paid to the entity were \$11,305 and \$5,280, respectively, during the years ending in December 31, 2019 and 2018, respectively. Total amounts due to the entity were \$-0- and \$1,685 at December 31, 2019 and 2018, respectively.
